PROFESSIONAL SUMMARY

Bilingual SEO Strategist focused on organic growth across e-commerce, B2B, and local markets. Combines technical SEO, content strategy, SEM, analytics, and AI search optimization to drive qualified leads, organic revenue, and sustainable search visibility. Experienced in working with developers, content teams, sales, and business stakeholders to turn search insights into measurable growth.

PROFESSIONAL EXPERIENCE

Maggie Real Estate Group | Local SEO & SEM Strategist Remote Project-based | Jan 2026 - Jul 2026

Seattle Real Estate | Brivity

- Generated 41 qualified leads—a 486% increase—and helped convert 6 into closed transactions by building a local SEO, bilingual content, SEM, and lead-tracking system for a Seattle real estate team.
- Generated 2.14K GSC clicks and 243K impressions from May to July after implementing GSC tracking, supported by content covering Seattle neighborhoods, housing policies, market trends, buyer concerns, and bilingual search intent.
- Improved AI search visibility through answer-first content, FAQs, summaries, tables, and structured page formats, reaching 44.4K GSC Generative AI impressions.
- Built and launched Google Search campaigns from the ground up, generating 7 qualified leads at an approximately 10% CTR through search-term analysis, high-intent keyword targeting, and negative keyword optimization.
- Supported technical SEO across 301 redirects, 404 cleanup, index coverage, site structure, speed checks, and WordPress-to-Brivity migration QA; strengthened local authority through off-page SEO, relevant backlink building, Reddit, Quora, Google Business Profile, LinkedIn, and EDM outreach..

WJS Home | B2C SEO Strategist | Nov 2025 - Jul 2026

Furniture E-commerce | Shopify

- Generated more than $265K in organic search revenue and increased organic revenue by 52.51% through full-funnel e-commerce SEO, including technical SEO, content strategy, product discovery, and revenue tracking.
- Generated 16.7K GSC clicks and 1.16M GSC impressions through keyword expansion, content refresh, collection page optimization, product page improvements, and internal linking.
- Restored daily GSC clicks from single digits to approximately 100 within three months by diagnosing the decline against official Google Search Central guidance, consolidating overlapping content, redefining page roles, and strengthening affected pages with authoritative data and original analysis.
- Audited and resolved Shopify SEO issues involving crawlability, indexation, sitemaps, canonical tags, redirects, duplicate content, schema markup, Core Web Vitals, and index coverage.
- Worked with developers to prioritize technical SEO fixes, communicate implementation needs, and perform QA checks after changes.
- Improved AI search visibility, reaching 50.7K Generative AI impressions, while strengthening domain authority through off-page SEO, backlink acquisition, short-form content distribution, and digital PR content..

Moka SFX | SEO Specialist | May 2025 - Sep 2025

B2B Stage Equipment | Wordpress

- Increased organic traffic by 75% and organic inquiries by 100% by using GSC and GA4 to identify high-potential B2B commercial pages and optimize content, metadata, URLs, on-page structure, schema markup, and internal links.
- Generated more than 400 inquiries while reducing monthly ad spend from approximately $8.5K to $5.7K through lead-source tracking, invalid-inquiry classification, search-term analysis, negative keywords, placement exclusions, and creative adjustments.

- Identified low-quality inquiries related to app development, gaming, support services, and other irrelevant requests, then built a feedback loop connecting inquiry quality with campaign source, targeting settings, and exclusion rules.
- Audited campaign settings, ad categories, search terms, traffic sources, and invalid-inquiry patterns; paused campaigns that generated no qualified leads and refined targeting toward higher-intent audiences.
- Improved core page indexation to 100% through technical SEO audits and built a weekly SEO monitoring workflow covering traffic, keywords, indexed pages, content performance, and conversion issues.

INTERNSHIP EXPERIENCE

Wuhan Fanke Culture Media Co., Ltd. | **TikTok English Live Streamer** | Nov 2022 - Aug 2023
Cross-border E-commerce

- Hosted English-language live streams and achieved $700 in GMV per 4-hour session while driving social-platform traffic to the brand's standalone e-commerce website.
- Created product-driven live content for global audiences, strengthening cross-cultural communication, live content delivery, and user engagement skills.

7 Colors | **TikTok English Streaming Assistant** | Jul 2022 - Aug 2022
Cross-border E-commerce

- Assisted in launching 6 TikTok accounts from scratch and contributed to a single-session GMV record of $2,000 through English scripts and product messaging and selling-point refinement.
- Handled 30+ post-purchase support cases and summarized customer questions to improve FAQ content, reducing customer service workload by 15%.

Sunsara Beauty | **SEO Intern & Part-time SEO** | Jul 2020 - Mar 2021
Overseas Hair Care B2B

- Supported early-stage SEO for two overseas B2B hair care websites, covering keyword research, TDK optimization, product page copy, English blog content, and content publishing workflow.
- Built a 200+ industry keyword database, improved CTR by 20%, helped increase organic traffic by 200%, and supported 50+ organic inquiries per month.
- Wrote user-focused English content based on overseas customer pain points, including "Curly Hair Struggles," which received 433 comments and improved community engagement.
- Built a basic content publishing SOP and used GA data to refine content topics, improving average time on page for priority pages from 1 minute to 2 minutes.
